Sanitary tapware: mechanical mixers

STATEMENT BY KIWA

With this product certificate, issued in accordance with the Kiwa Regulations for Certification, Kiwa declares that legitimate confidence exists that the products supplied by

IKEA of Sweden AB

as specified in this product certificate and marked with the Kiwa®-mark in the manner as indicated in this product certificate may, on delivery, be relied upon to comply with Kiwa evaluation guideline BRL-K607 "Sanitary tapware: mechanical mixers" dated 10-10-2018,

which covers the requirements of

NEN-EN817:2008 "Sanitary tapware – Mechanical mixers (PN10)"

Sanitary tapware: mechanical mixers

FITNESS FOR CONTACT WITH DRINKING WATER

The listed products are approved on the basis of the requirements for hygienic aspects set in the "Regeling materialen en chemicaliën drink- en warm tapwatervoorziening" ("Materials and chemicals in the supply of drinking water and warm tap water Regulation" dated 01-07-2017; published in the Government Gazette).

These hygienic aspects are based on two main criteria. The products shall permanently comply with:

- The product recipe approved during the assessment procedure. This recipe is not to be changed without prior approval by Kiwa according to the Kiwa approval procedure for the hygienic aspects;
- Specific product requirements for the hygienic aspects.

The recipe and specific product requirements are laid down in the for confidentiality reasons undisclosed 'Appendix Hygienic Aspects' to this certificate.

For the mechanical mixers marked with a star * in the table above, compliance to these requirements has not been established yet.

APPLICATION AND USE

Sanitary tapware; mechanical mixers are designed for application within the following limits of use:

- a working pressure from 50 kPa up to 1000 kPa;
- a water temperature of maximum 90°C.

The recommended limits for correct operation are:

- a working pressure of 100 kPa up to 500 kPa;
- a water temperature of maximum 65°C.

MARKING

The Kiwa®-mark products are marked with the word mark "KIWA" together with the Watermark logo  or the abbreviated word mark 

Place of the mark: on the body.

Compulsory specifications:

- name or mark of manufacturer, on the body;
- indication for temperature selection, on the handle;
- the acoustic group, if classified, on the body;
- the flow rate class, on the body.

Method of marking:

- non-erasable;
- visible after assembly.

RECOMMENDATIONS FOR CUSTOMERS

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

If you should reject a product on the basis of the above, please contact:

- IKEA of Sweden AB
and, if necessary,
- Kiwa Nederland B.V.

Consult the supplier's processing guidelines for the proper storage and transport methods.
