design

- automatic,
- manual operated.

provided with:

- maximum disc diameter of 600 mm,
- maximum hose length of 30 meter.

The hose reels are provided with one of the following nozzles:

- nozzle ZX-SQ-06-00, with a diameter DN 6,
- nozzle ZX-SQ-09-00, with a diameter DN 6.

At the same time the hose reels are provided with:

- manual operated ball valves furnished with the wordmark KIWA,
- semi rigid hose at least furnished with the marking **KIWA – VICTORY FIRE - EN 694:2014 - A 2 25-1,2 - XQ/20XX**, the last 2 numbers are indicating the quarter and year of production. The marking can be supplemented with the trade name of the hose.

Remark

The waterway of the listed products can be made out of brass or aluminium

Hose reels with semi-rigid hose

APPLICATION AND USE

Hose reels with semi-rigid hose are designed for fire-fighting purposes and can be connected to drinking water installations with a working pressure up to 1000 kPa and a maximum water temperature of 30°C

MARKING

The Kiwa®-mark products are marked with the wordmark "KIWA".

Place of the mark:

- at the front on the disc,
- on the hose

Compulsory specifications:

- manufacturer's name or mark,
- the number of the European standard
 - EN 671-1 on the hose reel,
 - EN 694 on the hose,
- year of manufacture,
- maximum working pressure,
- hose length and diameter,
- nozzle diameter (marked on the nozzle).

Method of marking:

- Non-erasable;
- visible after assembly.

RECOMMENDATIONS FOR CUSTOMERS

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

If you should reject a product on the basis of the above, please contact:

- Victory Fire
- and, if necessary,
- Kiwa Nederland B.V.

Consult the supplier's processing guidelines for the proper storage and transport methods.
