Sharkbite Push Fit-Fittings

Fitness for contact with drinking water

This product is approved on the basis of the requirements for hygienic aspects set in the "Regeling materialen en chemicaliën drink- en warm tapwatervoorziening" ("Materials and chemicals in the supply of drinking water and warm tap water Regulation" dated 01-07-2017; published in the Government Gazette).

These hygienic aspects are based on two main criteria. The product shall permanently comply with:

- The product recipe approved during the assessment procedure. This recipe is not to be changed without prior approval by Kiwa according to the Kiwa approval procedure for the hygienic aspects;
- Specific product requirements for the hygienic aspects.

The recipe and specific product requirements are laid down in the for confidentiality reasons undisclosed 'appendix hygienic aspects' to this certificate.

MARKING

The Kiwa®-mark products are marked with the word mark "KIWA ", or the abbreviated word mark .

Place of the mark: on the fitting.

*) for small fittings marking with only  is permitted

Compulsory specifications:

- Name or mark of manufacturer: on the fitting;
- Nominal diameter of the connecting pipe: on the fitting.

Method of marking:

- Non-erasable;
- visible after assembly.

APPLICATION AND USE

Fittings to be tightened with matching compression tool, compression- and push fit fittings as part of an appliance or installation are to be applied in tap water installations with a maximum working pressure of 1000 kPa and a maximum water temperature of 90°C.

RECOMMENDATIONS FOR CUSTOMERS

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

If you should reject a product on the basis of the above, please contact:

- Reliance Worldwide Corporation UK Limited.

and, if necessary,

- Kiwa Nederland B.V.

Consult the supplier's processing guidelines for the proper storage and transport methods.
